Chapter 1 AXIOMS FOR PLANNING TOWNS AND CITIES (1-16)

- 1.1 Axioms for the Transformation of Samtse
- 1.2 Principles of Intelligent Urbanism
 - 1.2.1 Principle One : Balance with Nature
 - 1.2.2 Principle Two : Balance with Tradition
 - 1.2.3 Principle Three : Appropriate Technology
 - 1.2.4 Principle Four : Conviviality
 - 1.2.5 Principle Five : Efficiency
 - 1.2.6 Principle Six : Human Scale
 - 1.2.7 Principle Seven : Opportunity Matrix
 - 1.2.8 Principle Eight : Regional Integration
 - 1.2.9 Principle Nine : Balanced Movement
 - 1.2.10 Principle Ten : Institutional Integrity

Chapter 2 MAIN THEMES OF THE PLAN (17-30)

- 2.1 Potentials of Samtse
 - 2.1.1 Building of Civic Society
 - 2.1.2 Development Potentials and Opportunities
 - 2.1.3 Challenges of the Future
 - 2.1.4 The New Image of Samtse
- 2.2 Gateway to the Kingdom
- 2.3 Creating an Economic Base: Proposed Phuentsholing-Samtse-Sibsu Development Corridor
- 2.4 Movement Web
- 2.5 Flood Control Measures and Environmental Enhancement Zones
- 2.6 Urban Precincts and Boundaries
- 2.7 Urban Core
- 2.8 Urban Villages
- 2.9 Satellite Towns

- 2.10 Measures for Creating Urban Identity

Chapter 3 EXISTING SCENARIO (31-55)

- 3.1 The Existing Town
 - 3.1.1 Physical Setting
 - 3.1.2 Meteorological Data
 - 3.1.3 Demographical Characteristics
 - 3.1.4 Base Map
 - 3.1.5 Land Use and Building Use Plan
 - 3.1.6 Institutions in Samtse
 - 3.1.7 Industries in Samtse
 - 3.1.8 Housing
 - 3.1.9 International Boundary Buffer Zone
 - 3.1.10 Bhutan-India Border Gate
 - 3.1.11 Government and Private Land Holdings
 - 3.1.12 Building Height
 - 3.1.13 Proposed Developments in Samtse town and in its surroundings
- 3.2 Religious and Heritage Assets
- 3.3 Environmental Assets
 - 3.3.1 Environmental Determinants of Samtse Town
 - 3.3.2 Surface Hydrology and Water Sheds
 - 3.3.3 Flora, Fauna and Avifauna Reserves
 - 3.3.4 Flood Prone Areas
 - 3.3.5 Slope Analysis
 - 3.3.6 Eco-Fragile Areas
 - 3.3.7 Existing Open Spaces
- 3.4 Visual Assets
- 3.5 Amenities and Services
 - 3.5.1 Health Amenities
 - 3.5.2 Educational Amenities
 - 3.5.3 Recreational Amenities
 - 3.5.4 Administrative Services
 - 3.5.5 Security Services
 - 3.5.6 Other Amenities and Services
- 3.6 Utility Networks

- 3.6.1 Road Network and Traffic Movement
- 3.6.2 Electric Distribution Network
- 3.6.3 Street Lighting
- 3.6.4 Telecommunications Distribution Network
- 3.7 Public Health Engineering and Town Sanitation
 - 3.7.1 Water Supply Network
 - 3.7.2 Storm Water Drainage
 - 3.7.3 Sewerage Management
 - 3.7.4 Solid Waste Management
- 3.8 Samtse Municipal Corporation
 - 3.8.1 Role of Samtse Municipal Corporation in Town Management
 - 3.8.2 Financial Status of Samtse Municipal Corporation
 - 3.8.3 Organization Structure of the Samtse Municipal Corporation
- 3.9 Past, On-going and Future Projects in Samtse

Chapter 4 DEMOGRAPHIC STUDIES AND PLANNING STANDARDS (56-70)

- 4.1 Population Projection
- 4.2 Population Projection Methods
- 4.3 Analysis of Floating Population
- 4.4 Carrying Capacity and Population Projection
 - 4.4.1 Physical Carrying Capacity
 - 4.4.2 Ecological Carrying Capacity
- 4.5 Population Density
- 4.6 Population Projection of Samtse
- 4.7 Existing Scenario and Base Data for Population Projection
- 4.8 Scenarios for Development of Samtse
- 4.9 Guiding Principles to Determine the Development Scenarios
- 4.10 Population Projection Scenarios
 - 4.10.1 Scenario 1
 - 4.10.2 Scenario 2
- 4.11 Conclusions
- 4.12 Planning Standards

Chapter 5 PROPOSALS FOR ACTION (71-120)

- 5.1 Introduction
- 5.2 Urban Development Strategies for Samtse
- 5.3 Precinct Sanctity and Proposed Precinct Plan

- 5.3.1 Development Compatibility Matrix
- 5.4 Proposed International Boundary Precinct
- 5.5 Proposed Urban Villages, Village Squares and Urban Hub
- 5.6 Proposed Options for Future Expansion of Samtse Town
 - 5.6.1 Lateral Expansion
 - 5.6.2 Satellite Towns
 - 5.6.3 Increased Concentration within the Samtse Town
- 5.7 Population Accommodation and Urban Growth Strategies for Samtse
- 5.8 Proposed Road Network and Transportation Plan
 - 5.8.1 Road Classification
 - 5.8.1.1 Arterial Roads (Primary Roads)
 - 5.8.1.2 Collector Roads
 - 5.8.1.3 Access Roads
 - 5.8.1.4 Intersection Design
 - 5.8.2 Pedestrian Movement Corridors
 - 5.8.2.1 Road-Side Walkways
 - 5.8.2.2 Off-Street Walkways
 - 5.8.2.3 Town Peripheral Pathway
 - 5.8.3 Transit Terminal and Inter-City Public Transit Movement System
 - 5.9.3.1 Transit Terminal
 - 5.8.4 Parking Facilities
 - 5.8.4.1 On-street Parking
 - 5.8.4.2 Park-and-Ride Lots
 - 5.8.4.3 Off-street Parking
- 5.9 Environment Protection and Enhancement Zones
 - 5.9.1 Streams, Rivulets and Surface Storm Water Drain Protection Zone
 - 5.9.2 Forest Cover Protection Zone
 - 5.9.3 Steep Slope Protection and Soil Stabilization Zone
 - 5.9.4 Flood Protection Zone
 - 5.9.4.1 Flood prone Area Protection Zone
 - 5.9.4.2 Flood Plains Protection Zone
- 5.10 Proposed Open Space Network and Pathway System
 - 5.10.1 Recreational Open Spaces
 - 5.10.2 River and Stream-side Green Belt
 - 5.10.3 Conservation Open Spaces
 - 5.10.4 Institutional Open Spaces
 - 5.10.5 Heritage Open Spaces
 - 5.10.6 Green Corridors and Pathways
 - 5.10.7 Riverfront

- 5.11 Proposed Location of Amenities and Services
 - 5.11.1 Determinants and Factors Governing the Amenities Distribution Characteristics
 - 5.11.2 Amenities and Services located within a Urban Village
 - 5.11.3 Amenities and Services located in the Urban Hub
 - 5.11.4 Town level Amenities and Services
- 5.12 Projects of Special Significance
 - 5.12.1 Strategies Towards Incompatible Landuses within the Town
 - 5.12.2 Strategies Towards Disinvestment of Government owned Land within the Town
 - 5.12.3 Organization of Proposed Institutional Development in Samtse
 - 5.12.4 Proposed Development of Samtse Town Core
 - 5.12.5 Proposed Transit Terminus
- 5.13 Proposed Town Sanitation and Utilities System
 - 5.13.1 Water Supply System
 - 5.13.2 Sewerage Management System
 - 5.13.3 Solid Waste Collection and Disposal system
 - 5.13.4 Storm Water Management and Drainage System
 - 5.13.5 Street Lighting Facilities

- 6.2.2.9 Regulations for future Local Area Layouts and Individual Plot Sub-divisions
- 6.2.2.10 Parking Requirements
- 6.2.3 Local Area Plan

References	148
Appendix - A - SELECTED INVESTMENT PLAN	(a-p)
Appendix - B - PRELIMINARY APPRAISAL OF FLOOD HAZARD ZONES IN SAMTSE AND ITS SURROUNDINGS	(q-v)
Appendix - C - DEFINITIONS AND DETAILED REQUIREMENTS FOR OBTAINING DEVELOPMENT PERMISSIONS	(w-ll)

Chapter 6 SHELTER AND URBAN MANAGEMENT STRATEGIES (121-147)

- 6.1 Shelter Strategy
 - 6.1.1 Designing and Physical Planning Aspects
 - 6.1.2 Finance, Management and Administration
 - 6.1.3 Opportunity for Access to Shelter
 - 6.1.4 Locations for Housing in Urban Villages
 - 6.1.5 Role of National Housing Development Corporation in the Creation of Housing Stock
 - 6.1.6 Vacant Land Tax
- 6.2 Urban Development Management System
 - 6.2.1 The Phuentsholing-Samtse-Sibsu Region
 - 6.2.2 Development Control Regulations for Samtse Town
 - 6.2.2.1 Procedure for Obtaining Development Permission
 - 6.2.2.2 Procedure to Obtain Permission for Land Development/ Subdivision
 - 6.2.2.3 Procedure to Obtain Permission for Construction Activities
 - 6.2.2.4 Development Undertaken on Behalf of the Government
 - 6.2.2.5 Procedure to Obtaining Building Permission
 - 6.2.2.6 Procedure during Development or Construction Activities
 - 6.2.2.7 Development without Prior Approvals
 - 6.2.2.8 Precinct Schedule with Applicable Regulations
